# REDYTOUCH HARDWARE

**Standard sizes:**  
19" and custom sizes available

*A compact footprint combined with a sleek design makes it ideal for most indoor applications, including visitor check-in, retail sales assistance and self-ticketing.*

Sleek and elegant with a minimal footprint that adapts easily to any indoor environment, the RedyTouch digital kiosk provides a highly-brandable platform that simplifies end user interactions. The attractive design provides generous exterior surface space for customization, allowing companies to easily visually engage with potential customers.

The RedyTouch can be configured to perform tasks including electronic bill payment processing, visitor check-in and even retail barcode scanning. With additional optional integrations such as a bill collector, external keyboard and internal receipt or ticket printer, it is a versatile kiosk choice that empowers users across multiple applications, including retail, commercial office and hospitality-centered spaces.

Also available:

- Custom branding including silkscreen, decal and vinyl wraps
- Optional component integrations (see p. 2 tech specs)
- Touch (interactive) or non-touch (static) displays

ADA COMPLIANT  
ISO 9001:2015 CERTIFIED
